Step 1

Place the cutting board flat on the table, making sure that the edge of the cutting board is parallel to the edge of the table

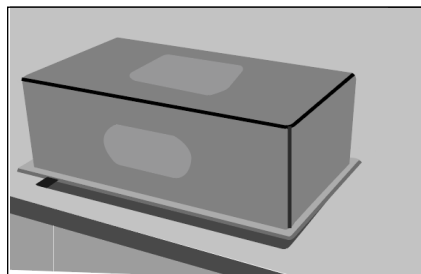

Step 2

Use a suitable tool to extend the line cutting table shown on the cutting board. (be careful)

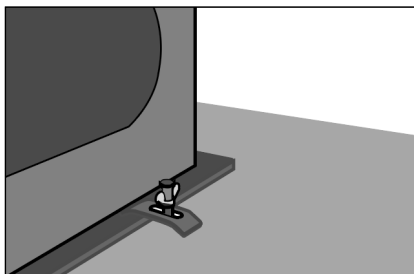

Step 3

Using a good quality silicone caulk, Apply a generous bead of silicone to the perimeter of the sink's rim.

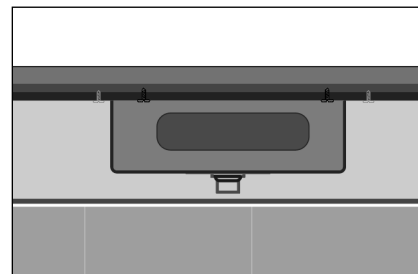

Step 4

Carefully place the sink upside down on the countertop, positioning it within the outline.

Step 5

Placing the bracket flat against the sink lip. Screw the wing bolts tighten snugly.

Step 6

Carefully turn the countertop and attached sink over. Remove any excess silicone and let silicone dry.
